The Board of Directors also resolved that a revised version of the Dividend Policy should be developed and approved based on the following principles:

- priority of dividends in the cash flow distribution;
- the amount of funds, allocated for payout of dividends, shall be no less than 25% of the PJSC "LUKOIL"'s consolidated net income under IFRS. For the purposes of calculation of dividends, IFRS-based consolidated net income may be adjusted by the amount of non-recurring losses and gains;
