LUKOIL DEVELOPS COOPERATION WITH SEVERSTAL

LUKOIL has won a large tender on supply of engine, hydraulic and gear oils for a number of key steel and mining divisions of Severstal Group.

According to the agreement, till the end of 2017 LUKOIL will supply about 2,700 tons of oils to Severstal plants: Cherepovets Steel Mill, Izhora Pipe Mill, Severstal Balakovo Long Product Mill, Karelsky Okatysh, Vorkutaugol and Olkon.

LUKOIL has been cooperating with Severstal since 2006. Russian lubricants market leader is actively involved in import substitution at the partner's subsidiaries supplying premium lubricants which meet international standards of the Original Equipment Manufacturers (OEMs) as well as providing comprehensive technical support.

Information:
Severstal is one of the world's leading vertically integrated steel and steel-related mining company with assets in Russia, Ukraine, Latvia and Poland. In 2016 the Company produced 11,63 million tons of crude steel.
